 - 3 - San Juan
 - 4 - Espada
- Pavilions
- Park Security

Please use caution as some hike and bike trails and paddling trails may become closed for repairs or maintenance. Please visit www.sara-tx.org for new trail openings or closure notices. Pavilion reservations are also available online.

THE San Antonio River Walk is open 365 days a year. Most of the River Walk (from Mulberry to Eagleland Plaza) is open 24 hours. However, the hours of operation for the River Walk through Brackenridge Park are 5 a.m. to 11 p.m., and the Mission Reach section of the River Walk (south of Eagleland Plaza) is only open from dawn to dusk as a natural area.

For emergency assistance, please call 911.
For non-emergencies, please call 210-207-7273.

The San Antonio River Walk boasts over 15 linear miles of continuous trail along the river through the center of the city from Brackenridge Park to Mission Espada. All hike and bike trail users should be prepared, safe and courteous and observe posted hours for trail use. Proper hike and bike trail etiquette will help ensure that everyone safely enjoys the hike and bike trails, so please practice the following:

Pedestrians:

- Stay to your right on the trail, leaving room for others to pass you on your left
- Be aware of your surroundings; if listening to music, keep the volume low enough to hear external voices and sounds
- If there are small children in your group, make sure they stay by your side and safe from other traffic on the trail
- Keep your pets on short leashes — leashes going across the trail can be hazardous to others — and please pick up after pets
- Wear prepared to enjoy the trail by bringing proper shoes and by bringing water and sunscreen

Bicyclists:

- Always wear a helmet
- Pass on the left; let all others on the trail know you are approaching by calling out "Rider(s) on your left," and thank them after passing
- Be aware of your surroundings; slow down when sight lines are poor and when approaching pedestrians
- Ride at a casual speed; speeds are more appropriate for higher speeds
- Come prepared to enjoy the trail by making sure your equipment is in proper working order and by bringing water, sunscreen and an extra tube with tools
